# THE BEST WAY TO GIVE

Greene County  
United Way

Charitable giving is a personal and voluntary decision. United Way encourages donors to do what is most comfortable and most aligns with their philanthropic goals. When making a gift to the United Way, there are two ways to give.

## A gift TO the United Way

Donations to United Way are directed to our Community Impact Fund. Each gift is combined with those from hundreds of donors, and invested directly into the initiatives and programs that benefit the entire community. Through our Community Impact Fund, your dollars can support multiple programs and reach more people.

In 2017, 2018 and 2019, the United Way gave \$50,000 annually to programs that supported over 40,000 residents in Greene County.

## A gift THROUGH the United Way

The United Way understands that people may choose to give to a specific agency. As a benefit to our donors, we process these requests. However, we are unable to guarantee how these funds will be used. Dollars given to the United Way means more money across the board, both in our investments and designation to the community.

Donations can be made online, through a workplace campaign or by cash or check.
